

Fish Bowls

-DESCRIPTION:

The Player tosses ping pong balls at plastic fish bowls containing goldfish and tries to land a ball into the bowl to win a fish.

-HOW TO SET UP GAME

Set table centered in the back of the booth

Place the 24 bowls randomly on table then fill bowls with water and one fish per bowl.

The closer you set the bowls the easier it is to win

-HOW TO PLAY

1) player receives three ping pong balls and tries to land one in a fish bowl.

Materials and or Items you need to supply for this game:

You will need to supply your own table. A 3' x 3' card table works well.

You will also need to supply the Goldfish

You will need plastic bags and bag ties to place the fish in when giving fish to the winners.

PAY OUTS

One gold fish per "ball in bowl"
