

Spin Art (SINGLE)

-DESCRIPTION:

The participant drips paint on a spinning 5” x 8” card or disk creating a design

-HOW TO SET UP GAME

-Pull the purple spin art unit out from the yellow wooden storage box.

-Flip the yellow storage box upside down and place the purple game unit on top of the yellow storage box being certain to place the rubber legs on the purple game unit into the holes in the yellow box

Spin art cards and spin art disks use two different types of “brackets” to secure the card / disk. Be sure your use the correct bracket.

-HOW TO PLAY

-Gently place the card / disk on to the “card / disk bracket” located in the spin art unit.

-Turn the motor on

-Allow the participant to slowly drip different color paints onto the card / disk by holding the paint bottles approximately 8 to 10 inches above the card / disk.

-You may want to assist the participant by suggesting using small amount of paint.

-Once the participant is done then turn the motor off, wait for the card / disk to stop rotating, then remove the card.

Mark the card / disk with the participants name and place it on a table while it dries.

-MATERIALS AND OR ITEMS YOU NEED TO SUPPLY FOR THIS GAME:

110 power source.

The booth you use should have a low front panel or no front panel

You need to supply a table or other method to place the cards while they dry.

When reserving the spin art game please let us know if you would like to use cards or disks
